## From Surrounding-Consciousness to the according with the „Spirit-Association“ and the “Historic- Consciousness

Uriel-Impression and the „spirit-association“ of angels and elementarybeings at St. Johns

### **The St.Johns-Time**

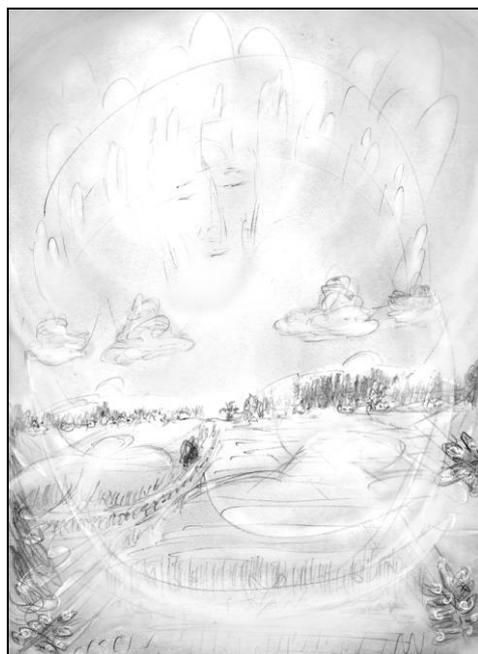

The pre-sounding of St. John starts in the last two mayweeks when beings and forces gather in the landscapes and in the sky.

In the first two juneweeks the beings, specially the elementarybeing are in an extraordinary state: they open into an interest to the horicontal surrounding. „A godsbeing is feeling us now“ is said in thSoulcalendar 12, and at the highpoint of this soulful and joyful openness, at the evening of 12th June we can easily melt together with the elementarybeingsouls.

2nd Juneweek

In the last both juneweeks the beings are changing: all turn to a silence of listening upwards to the macrocosmic presence behind the skydome, deep into the blue. We can follow the outbreathing into the macrocosmos to experience the mighty choir of the higher hierarchy angels there, which is getting a face in the saturnic summer-archangel Uriel, who is interweaving the godly words from behind the macrocosmos while looking out of that mighty sky. Like in a „worldsflight“ (Soulcalendar) we *„follow the earthsoul into the stars-wideness, for to read from the stars, which spiritual happenings, which spiritual facts are connected with the earth.“* ( GA 226, Oslo 21. Mai 1923, S. 103)

3rd Juneweek

In the first two juneweeks we stay into the more horizontal flowing astralbodys of the second hierarchy of angels. In the last juneweek we stay more and more in the silent dome-high astralbodys of the highest first hierarchy of angels. All in all the open St. John sky is like an eye bowed to see the cosmos behind and let in the cosmic worldword from above. We and all earthly are never more „outside“ then in this time.

In the „Soulcalendar“ becomes clearer how earthly identities can find themselves now „in the World- I“ (Speech 11) and in „in Worlds-Light and World-Warmth“ (Speech 12). There are speaking newborn „Worlds-Germ-Words“ (Speech 18) that give with this „Summer-Sun-Gift“ (Speech 27) something new into our world.

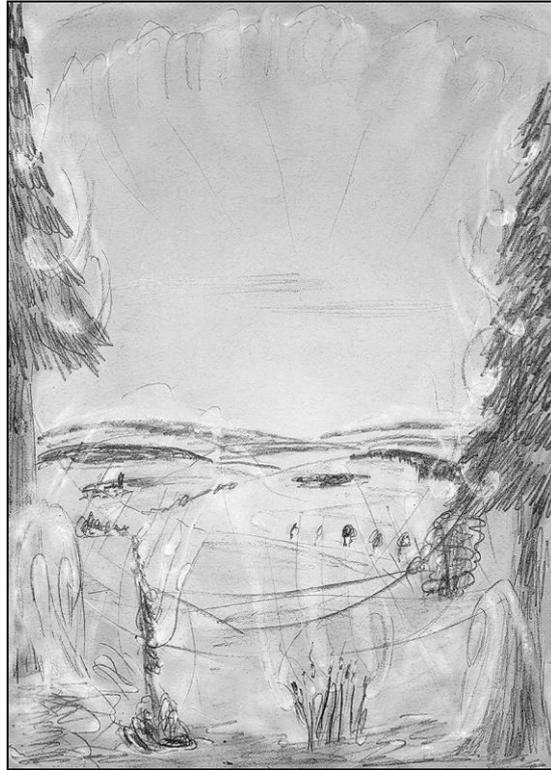

4th Juneweek

So this is a time in which we can prove the most the newest consciousness abilities of man – so the „Surrounding or circumsphere Consciousness“ and more and more the ability of man to work with the spiritual worlds and its beings.

We can never be more into the „outside“ as in the St. Johns-Days. We can feel how the elementary beings are celebrating the coming of St. Johns, how they are fed in this time and how satisfied they „rework“ and „reflect“ on the gifts in a nearly „relax“ attitude in July. The actual gifts should not only be „heard“ by elementary beings, - „man may hear it“ – for the social- and cultural evolution on earth – towards the aim of making the earth to a planet of love.

After the coretime of St. Johns, where we can gather – as example on inspiration walks - the new spiritual expressions of the cosmos, we should rework and step by step understand and integrate the renewed „Worlds-Germ-Words“ and new „Summer-Sun-Gifts“ into us and our social- and natural realms.

1st Julyweek

### **To St. Johns in the Nature- and Elementarworld**

In the soulobserving of Yearseasons in nature to St. Johns can be noticed:

*„If the Soulview is going deeper into the sky and behind the skyvault, it can lay down into our Soulinside a mighty-longing-wise remembering of our own destination.*

*This applies not only for Man, but also for the Groupsouls of the Plants, Animals and Minerals, who always stay like monumental personalities in the Naturekingdoms.*

*Specially in the evening is also possible a „Coming back to yourself” – also for plants.*

*Its happening with the strongest View out of the Archetypelperspektive to the secularistic Beings: A getting fulfilled with Selfbeing and Selffruit, that want to connect us among all Earthbeings and inscribing us into the homelike Earthexistence.*

*Do we touch downwards here into the Skylight in front of the Skydome, we can come to the experience of a fine higher „cosmic intelligence” – like in a linear weaving . In a moving activity it radiates a definitive mythical „being ment” into the earthly Souls (as Rudolf Steiner formulated in his „Johanni Imagination”): „There are Hearts seen, there are failures judged, there are Substances compacted!”*

*Also a „Return” out of the remembered Pasttreasure is connected with this. Deep in this it gets grabable the Futurebreeze of the developement of Mansoul, Mankind and Earthhappening.“*

(Part of the „Yearcircle-Texts for the 4th Junequarter)

St. Johns can become an initiation into the Circumcircle-Consciousness, so that highest Spirit can speak through the time- and spacesurrounding – and let us find (again) the actual true directions as man, as group or as organisation.

### **Steps to a „Surrounding-Consciousness“**

We learned long times to activate our human consciousness inside. We learned to understand with empathy more from the inside from another man that is speaking to us. In the 20th century was awakening a consciousness for the „between“ – the space in which Christ can be „in the middle among us“ and where futuristic new group spirits can be with us by free individuality.

Joseph Beuys was pointing to this substance between an spoke from „the Social Warmth Sculpture“. But we are still explorers in these worlds. And sure it will lead us to the term of „being“ or „persona“, because we find consciousness in the spirit among us. As long as it is not cleared the truth of the being-existence we are stepping only in a foggy consciousness. Terms of „fields“ or „energies“ are not hitting the reality of the spirit, that is coming near to us always in a personal being-form.

But even if we are in a pioneer state for the „Between-Consciousness“ we are already also in the beginning of an awareness for the „speaking of the surrounding“.

Known from experience (1) it is appearing a presence of being in the surrounding – not among us anymore - if we are in a very meaningful group process, such meaningful that our doing has a meaning for the Timespirit. We can learn to go over into this sphere innerly to look back on our developments in that groupwork in a higher form. This as example means – so Otto Scharmer in his groundbreaking book „Theory U“ (2) – to „*listen from out of circumcircle where the future is appearing*“.

### **Towards a Communication with our Higher Self and the Hierachys**

Out in the surrounding of nature and the cosmic background of the year seasons we can meet the surrounding, like following the steps of the monades of hierachic angels.

The 3rd Hierachy of Angeloi, Archangeloi and Archai are strong connected with our souls. They work in our souls at night, but we can feel them also at day:

- The Angeloi in our thinking forces that connect in imaginative force-perception in the surrounding;
- The Archangeloi in our out-streaming and in-streaming empathic feeling-interaction with the surrounding in inspirative perception;
- The Archai in some kind of a foreseeing deep world-home-connection with our historic time, which is connected with our individual path inside of this specific historic (and year-season-) time.

We can feel the Christ connection through the wideness-radiation of our spacedirections – and with this the eternal „greetings of the gods“, through the 2nd Hierachy of the Exusiai, Dynamis and Kyriotetes. All this needs to come in inspirative perception of the intentional rays out of their cosmic realm, which are like radiations of intentions of a permanent rolling on with the development of earth, man and all beings.

The highest Hierachy is graspable through Intuition – in a state of being the cosmos which creates the earthly development. We stay „like in gods“ in this state in the huge mightyful Archetyp-Kathedrals of existence around us – created out of gods love and gods-doing.

In this way we can come to holy directions, decisions and sacrifices – like streaming with our higher-selves-consciousness out of the circumcircle.

The big doors to heaven in our yearcircle-celebration, opened to an actual spiritual call, are waiting – also now to Johanni 2015 with special help of great star-constellations.

### **The work with the spirit-association**

Already Rudolf Steiner spoke about the cowork with Angels, Archangel and archai in the threefoldes social organism, They want to become somekind of „equal“ with us by this (see in GA 190, 23.03.1919). He spoke also concrete of this cowork, when he told the group of the first Waldorfteachers how angels help the workinggroup to have imagination, Archangels help to have inspirations and Archai give courage then und help to have intuitions (see in the german book: “Innere Aspekte der Konferenzgestaltung“, Hrsg. Hartwig Schiller).

Ita Wegman spoke – in connection tot he „Michaelschool“ from a needed togetherness with the „Spirit-Association“, german: „Geistverein“ (see Johannes Kierschs book, „In okkulter Gefangenschaft?“, Frankfurt 2015). I seems, we come into a time now with our etheric natural or schooled claivoyance, where we can work more consciously with the spirit-assoiations above and around us. It’s the being-choir connected with us and our destiny, the beingchoir of our group or organisation and the being-choit of our place, our naur-surrounding.

We can connect with it in an aware and resonseable attitude evry morning and evening, in prayer, meditation or a special ritual, maybe made from a group for their community or project. For a farmer it seems very natural to work with the farm organism like that. Steiner spoke about „the angelchoirs above farms and our spiritual connections to them. And it seems that this connecting brings alot sharpening of our „tools“ for to build a farm-individuality (from which Steiner spoke in the agriculture-course). Ulfert Bewig-Glashoff, our yearcirclefriend from the Vorberghof near Wuppertal, who gave us such workstyle as a legacy, teached us such doing in the beginning June 2016 , two days before his suddenly death. Bu we can work in such ways also with social organism, if our group or our project, we can build it to an individuality through connecting intim with the being-choir around it. This seem a social pneumatism.

Rudolf Steiner called already 1919 for understanding the social not only as an organism but a psychism and a pneumatism . .And to work like in a spiritual breathing and a social warmth-sculpturing (J. Beuys) – with methods of a spiritual organisation-developement (3) – will build further or later intim social organisations (Steiners asking for social organim created out of soul-familiarity between persons) and spiritual living outwardly organisations .

### **When relations become wide landscapes and Widar steps beneath our side**

Throughwards the deeper perception- and sensingprocesses and the experiences of dimensions of spiritual beings and carma in such responseable gatherings of spirit-associations we can experience relations more and more in an unknown wideness. Even if this relations between man , in groups and nevertheless between man and spiritual beings are very intim, it can appear a dimension of a timeless landscape with many precious contens in the relation-experience.

When we come to good habits in our social shaping with our natural or schooled ether-clairvoyance, the time has come that the being that waited for this long long times, the Widar from the north (3), will step near to such groups worldwide. We can feel it from a special natural attitude of listening, waiting and receiving, which is with us and seems to bring old times into connection with the future forces of Michael.

### **Uriel and Skythianos and the saturnic ability of a “Historic Conscience” at St. Johns**

A special gift of St. Johns and his Archangel Uriel is the saturnic ability of a “Historic Conscience”. We can reach a state that seems connected also with the teaching of the saturnic Bodhisattva Skythianos, who teaches that what goes from eternity to eternity, some kind of staying in eternity and seeing through out surrounding landscapes into the long-living directions of the spirit. We can uprighten our inner I am-spine and integrate a stronger historic responsibility – for our eternal being and for the eternal aims of the earths evolution. Wideness and nearness to all around us in the same time can carry us on.

May this years St. Johns not pass without our awareness for all the the newest macrocosmical giving - through the work of that historic conscience of Uriel through the sky and the nature which is open for us until up into the skydome-space behind the blue.

### **Shortform- Meditative Work with St-Johns-Time**

Out of Steiners Soulcalendar and Lectures, and out of own experiences, here a way to meditate with out St.Johns nature-surrounding (main time 10th June – 21. July):

- 1. In imaginative devotion to our physical surrounding beauty connecting with it!*
- 2. In forebodingly feeling into the lively light and warmth of wideness and heights getting inspirations!*
- 3. Loosing ourself and let us feel from godly being!*
- 4. In this state intuitively feeling our own familiarity with the godly cosmos!*
- 5. In highest unity let the flames of the worldword flame until down in the deepest grounds of our soul!*
- 6. Out of the reverberation gathering the gift of the Godsword and leading it into the grounds of our soul!*
- 7. Let ripen the so new found man-self out of Worlds-self in the soulgrounds!*
- 8. Let the ripened godsword and new found self in our soul give us stronger our true self!*

## **The timespeech of St. Johns 2018**

Looking back half a year meaningful views are in sight:

In the New-Years-Eve Night 2017- 18 we found a fazit of an outlook on 2018 which soke about initiation-abbillitys against all attacks:

*“Held in the huge surrounding from out of the own middle, we step through difficult times.  
Like never before, man can gather central essences out of all experiences.*

*A new step and level of individual initiation possibilities appear in noble pictures.  
With new ripeness man can go on confidently, more direct side by side with spiritual beings”*

The eastertime spoke from a new directness of Christnearness:

*„Now it’s possible to be reached while perceiving from Christ in more direct form  
To stay in Christ and Michael- in raising the hands and in compassionate gathering*

*To soften all freezing-processes in co-flowing out of Christs Moralic Ether as doing  
To wake with and to feel with all kingdoms of nature and social life in giving peace”*

So we can try to have a special awarenes on how Christ is working out of the earth-aura - and which wind of future blows inbetween all in an unusual way ... .

### The signature in the world-happenings before St. Johns 2018:

Still stronger nationalism, narcism and lying rised again in the world, and the subtext behind calls for brotherhood and truthful selfless care for a brotherhood among us and of mankind. Empathy and flexibility grows too on the other side. It’s starting that we need top build apovalypse-abbillitys: abbillitys to work out of the godly fountain to balasnce all craziness, constant obstacles and shocking evil attacks.

Many responseable of big business and world politics live in a lie, not telling that there are no tools to deal with the main worldproblems. And every therapeut knows that healing and new tools come to us only if we had been honest and saw that we are ill and need help. Honesty is needed and meetings where it can come up – and we need more imaginations and inspirations wherever and however coming into the processes. Here everybody can help through intentions in such imaginative „thinking it right“ and teaching the agngels to help by giving them clear pictures oft he evil mechanism and the possible spiritual help.

And every communication on earth – among man or with beings, alone or in groups is a place to be active in it!

To perceive – receive – and communicate and work in our spirit-association, out of that open gates of St. Johns now, is possible!

May this “Song” of Walt Whitman (1819 – 1892) help in our directing (– and in the enforcing of the true spirit of America too):

**TO HIM THAT WAS CRUCIFIED.**

MY spirit to yours dear brother,  
Do not mind because many sounding your name  
do not understand you,  
I do not sound your name,

but I understand you,  
I specify you with joy O my comrade to salute you,  
and to salute those who are with you, before and since,  
and those to come also,  
That we all labor together transmitting the same charge and succession,  
We few equals indifferent of lands, indifferent of times,  
We, enclosers of all continents, all castes, allowers of all theologies,  
Compassionaters, perceivers, rapport of men,  
We walk silent among disputes and assertions,  
but reject not the disputers nor any thing that is asserted,  
We hear the bawling and din,  
we are reach'd at by divisions, jealousies, recriminations on every side,  
They close peremptorily upon us to surround us, my comrade,  
Yet we walk unheld, free, the whole earth over,  
journeying up and down  
till we make our ineffaceable mark upon time and the diverse eras,  
Till we saturate time and eras,  
that the men and women of races, ages to come,  
may prove brethren and lovers  
as we are.

The cosmic speech at St. Johns 2018

We have again special constellation around this years St. Johns:

*In the central St. Johns time we go up to the etheric-widening Full moon on Thur 28<sup>th</sup> June at 06. 53 in the morning.*

*The big constellation in the 12 St. Johns days from 24<sup>th</sup> June to 6<sup>th</sup> July is the deep-proofing Sun-Saturn opposition on Wed 27<sup>th</sup> at 15.00 – short before Fullmoon. Here speaks the historic conscience urgingly!!!*

*On 5<sup>th</sup> of July we will have the biggest help for clearing, Sun trine Jupiter at 13.00 o clock!*

*After this Vision and Transformation is graspable with the Sun trine Neptun on 8<sup>th</sup> and the Sun opposition Pluto on the 12<sup>th</sup> of July.*

So – saying in in advice-form: let us find the time to „come out“ into processes of proving our newest state „surrounding-consciousness“, brotherhood-coherence, relation-wideness – with our spirit-being-

association in a circle of friends, – in a conference or tour with our workplace, on an Inspirational-Walk, in a public event ... somewhere somewhen –taking the chance in this newest summer... .
